Letter of Approval

Dear Mr.Holland,

Following our on-site assessment on 05th to 11th of January, 2005 and the verification of the implementation on 08th to 10th February,2005 at the manufacturing facilities, we are pleased to advise you that your quality management system complies with our AIRBUS quality requirements.

The scope of this assessment was based on the aerospace series standard: prEN 9100, a model for :

" Quality systems — Model for quality assurance in design, development,production, installation and servicing ".

We hereby acknowledge that **THE MEXMIL COMPANY** located at

2865 South Pullman Street, Santa Ana, 92705 CA, United States of America

is an AIRBUS approved manufacturer.

This approval is limited to the production of acoustic insulation blankets based on "built to print" license as defined in the license agreement Ref.: SCGC/92A.0./05

This approval is **valid until 30th July 2008** and only applicable to the locations indicated in this letter including the facilities, which are covered by the Mexmil quality mangement system documentation.

If Mexmil's deliveries are satisfactory within the approval period, the approval can be renewed depending on the results of our individual review.

In addition to this review Airbus will conduct an annual assessment within the approval period in accordance with the li-
cense agreement mentioned above and the requirements of the prEN9100.

AIRBUS must be notified about any intended permanent changes in location, modifications within Mexmil's management structure, key personnel or major modifications to Mexmil's quality system.

AIRBUS reserves the right to amend the quality requirements in case of changes within the prEN9100 standard.

Yours faithfully,

Dieter Mueller – Director Quality Operations
